

Good Night My Friends

[C] Good night my [G7] friends, my friends good [C]
night,

Good [C7] night my friends, good [F] night my
friends,

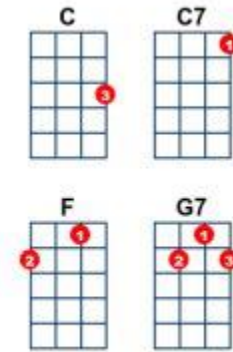

We'll [G7] see you round the [C] bend.

We're [C] ready for the [G7] Grammys,

We penned our acceptance [C] speech,

But [C7] no call came and [F] we feel lame,

Per[G7] haps it was over[C] reach.

[C] Good night my [G7] friends, my friends good [C]
night,

Good [C7] night my friends, good [F] night my
friends,

We'll [G7] see you round the [C] bend.

You [C] applauded all of our [G7] songs

You told us we sound [C] fine

But[C7] what you really [F] thought was

“I [G7] need a glass of [C] wine.”

You're a[C] wonderful [G7] audience,

This is time you'll never get[C] back,

So [C7] thank you for your[F] kindness,

And re[G7] fraining from at[C] tack.

[C] Good night my [G7] friends, my friends good [C]
night,

Good [C7] night my friends, good [F] night my
friends,

We'll [G7] see you round the [C] bend.

[C] Good night my [G7] friends, my friends good [C]
night,

Good [C7] night my friends, good [F] night my
friends,

We'll [G7] see you round the [C] bend.
